PLAN AGREED FOR FORD AIRFIELD FOOTPATH DIVERSIONS

Following engagement with the local parishes, District and County Councillors, Vistry has confirmed a plan for the temporary diversion of PROWs 175, 363, 366 and parts of PROW 200 across Ford Airfield. The temporary diversions will be put in place to maintain public access across the site while also ensuring the community's safety during construction.

What happens next? Over the coming weeks, Vistry Homes' site team will appoint contractors to undertake ground works on the temporary diversions. This will ensure that the paths have proper surfacing to accommodate wheelchairs, pushchairs and bikes. We anticipate that these works will commence and be completed in Q1 of 2025. This will include the erection of fencing and signage along the diversions.

The diversions will ensure that the community is still able to access the site and have safe walking routes between Ford, Yapton and Clymping.

The accompanying plan shows the routes for the temporary diversions:

 = temporary closure.

 = temporary diversions and existing PROWs which will stay open.

Keeping in touch

This is the first in a series of newsletters updating the local community on progress at The Landings. Please contact the team should you have any questions please contact us via www.vistryhomesford.co.uk
